

Some notes about 546 EF Rd, Cedar Point, Kansas

In 2015 the home underwent a major remodel, which included taking the interior down to the studs.

Here are some of the highlights from the remodel ion 2015:

- New Central Air and Heat Pump
- New Electrical and Plumbing (PEX)
- New Windows and Doors
- Refigured the floorplan, closets and open kitchen/living room concept
- New Insulation, spray foam in the walls and blown-in in the attic
- New Kitchen Including stainless steel Whirlpool appliances
- New Bathroom
- New filtration system and water softer for the well
- Foundation was tuck pointed

More updates since then:

- 2020 - New septic system, 1,500-gal tank, 100-ft of laterals installed by Spellman
- 2022 – New roof and gutters
- 2023 – New pump for the well
- Complete SimpliSafe Home Security System
